Chief, Purchase Division

16 May 1952

Chief, Engineering Division

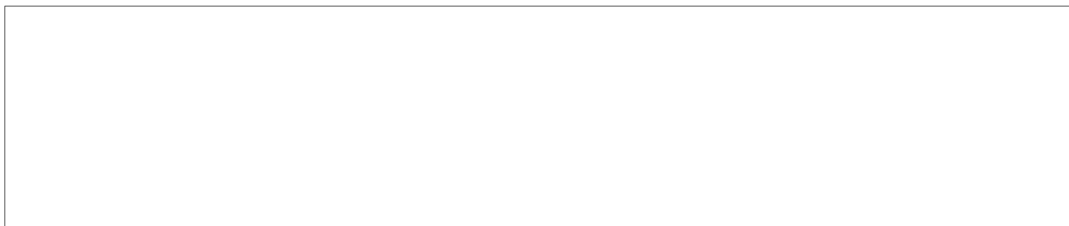

Revised Specification No. 52-A-1022-A for the RR-2 Radio Receiver

1. The subject specification has been transmitted under separate cover. This specification shall govern future manufacture of the RR-2.

2. The prospective contractor, Incorporated, took exception to a number of items contained in the original specification No. 50-A-1003-A. These items were discussed and agreement was reached on all points in a conference held on 12 May 1952 between representatives of NEMS and this Agency.

3. The subject specification contains the necessary revisions which were agreed upon in the conference of 12 May 1952.
